

- **Service to the Community** (vital ministry in the mass)
 - contribute to the Body of Christ
 - learn the importance of both commitment and of service to others
 - Service hours (school/college/awards/etc.)
- **Healthy Relationships with Clergy**
 - Altar servers have frequent interactions with our priests in a positive environment. If they are called to a priestly vocation, Altar Serving will surely be a fundamental step in their journey. If they are called to family life, their experience as servers will help them to foster a love of our faith in their own children.
- **Love of the Liturgy**
 - Server's duties create an appreciation for participation in the Eucharist.
 - Learn the order of the Mass, the aspects of the sanctuary, and the various altar vessels used in the Mass.
